

My EBEA Story

Often, the victories of the East Brunswick Education Association go unnoticed. The unfortunate by-product of this is members and outsiders have no idea how much the EBEA and NJEA achieve for members. Union strength is more important than ever. The EBEA is creating an “EBEA Strong” campaign and we need your assistance. We invite and encourage you to share your story. Please think about a time the union has assisted you (directly or indirectly) and how it has impacted your professional and perhaps personal life. We would like to share the “success stories” of our Association. We understand that some things may be very personal so we ask that you only share what you are comfortable sharing. Thank you for helping to make EBEA Stronger!

Name _____ Building _____

I wish to remain anonymous

Can you please share a time when EBEA or the NJEA came to your assistance?

How did your association help you to resolve the situation?

How did this possibly change your perspective of the union?

Based on your situation, why do you think it important to be a union member?

What would you say to others that do not value union membership?

What ideas do you have to get the message out regarding the importance of unionism and being an EBEA member? What would make member listen?
